Dear Sirs

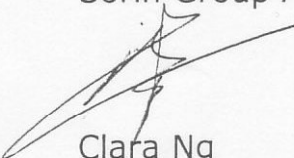

RE : ACCOUNTING SOFTWARE FROM A2000 SOLUTIONS PTE LTD

We have been using the said accounting software since the year 2001. The utilization of the solutions proposed by A2000 has enabled us to meet our daily operation smoothly.

After the warranty period we continue to sign their Annual Maintenance Contract without fail for the past four year. Besides enjoying great discount being their loyal customer, we also enjoy continual support through their on-going enhancements.

We are generally pleased with the prompt after-sales and technical services provided by A2000, and also the reliability of the software. We find this accounting software most suitable for SME like us and highly recommend anyone who is looking for reliable software.

Yours faithfully,
Sorin Group Asia Pte Ltd
